

PNEUMATIC DIAPHRAGM AND PISTON ACTUATORS PH-A-PD AND PH-C-P

Pneumatic Diaphragm and Piston Actuators PH-A-PD and PH-C-P

Actuators

Sizes : 38Sq" to 600Sq" Pneumatic Diaphragm and Piston Actuators, Diaphragm Actuators are fully reversible offering fail extend and retract.

Sizes PH-A-PD;

38Sq", 75Sq", 150Sq" and 300Sq"

Sizes PH-C-P;

10" and 24" diameter

Features : 10" dia piston type(Double Acting/Single Acting)

- Linear Stroke
- Single Acting or Double Acting
- Multi spring actuator option for compactness
- High power
- Fast response
- Low hysteresis
- Field reversible
- Flexibility in selection of Springs
- Manual override optional - Top Mounted or Side Mounted
